POEA implements new online systems

The Philippine Overseas Employment Administration is set to launch new online systems for use by licensed recruitment and manning agencies. Starting May 1, 2018, all licensed recruiters requesting for contract processing and documentation of their hired workers and seafarers shall use the newly developed e-Contracts System which replaced the e-Submit System.

The new systems, aptly called Landbased e-Contracts System (LBECS) and Seabased e-Contracts System (SBECS) are secured web-based facilities developed for recruitment and manning agencies with valid license for their request for processing (RFP), payment of government fees, submission of contracts and printing of overseas employment certificate (OEC).

The POEA also launched in March 2018 the new e-Registration System for agency-hired workers and seafarers. The new registration system will provide newly hired workers and seafarers with unique registration numbers which will link their personal profile to the e-Contract system.

The new systems and the guidelines and procedure for their proper use are accessible at <https://eservices.poea.gov.ph>. /END
